FROM THE CEO

Welcome to the Spring Edition of TOGETHER Magazine.

It is both an honour and a privilege to write to you for the first time as CEO of TransitCare. Over the past three decades, TransitCare has become more than just a transport service, we have grown into a trusted companion for thousands of Queenslanders, ensuring people can stay connected to their communities, families and opportunities. Stepping into this role, I am deeply committed to continuing this proud tradition while also guiding TransitCare into an exciting future.

Our world is changing rapidly. The way we deliver services, the expectations of our clients and the opportunities available through technology, partnerships and innovation are evolving at a pace we have never seen before. My vision for TransitCare is to embrace these changes while staying true to our mission: supporting access to community inclusion, participation and independence.

Already, we are expanding our reach across Queensland, supporting more people to overcome transport disadvantage. We are also building stronger partnerships with community, government and industry so we can unlock new ways of delivering services that are affordable, sustainable and tailored to your needs.

At the heart of this future is you – our valued customers. Your stories, experiences and feedback help shape the way we move forward. I want to ensure TransitCare continues

to be your partner in living life to the fullest, whether that means getting to medical appointments, visiting loved ones, joining social activities or simply feeling confident that you can go where you need to go.

I also want to recognise and thank our dedicated staff and volunteers, whose commitment makes TransitCare what it is today. Every phone call answered, every journey taken and every smile shared creates a ripple of positive impact across our community.

Looking ahead, you will see TransitCare strengthening its services, investing in new systems and finding innovative ways to connect people and communities. My promise is that we will do this with care, respect and an unwavering focus on what matters most – helping you live connected, independent and meaningful lives.

Thank you for welcoming me into this wonderful community. I am excited for the journey ahead and look forward to sharing our progress with you in the months and years to come.

Warmest Regards

Amanda Mather
Chief Executive Officer

MEET A MEMBER – LORRAINE TIBBS

I was born Lorraine Tappenden in Ayr (Nth Qld) in April 1937 a year or so later my younger sister was born. I started school in Ayr, but when war broke out, my father was called up, and the family moved to Brisbane. After the war, we moved back to Townsville where my father's family were. We got a house near the Ross River Meat Works. I went to Oonoonba State School and shortly after we moved to a house at Oonoonba. We'd only been there a few weeks when the 1946 flood came. The house we'd just left was inundated, while the water only came up to the top step of the house we'd just moved into.

A couple of years later my father built a new house in Mundingburra, a short distance from St. Joseph's School, so I went to school there. My parents bought a small mixed business next door to Kingsun's butcher shop at Gulliver, and when I left school in 1951, I worked in the shop. It was a 7 day/week business and after about 3 years my parents sold the shop. I applied for a job

at Coles in Flinders St, and was trained as a cashier in the grocery dept. I had worked at Coles for 3 years and was offered a job as a cashier by the Kingsun's in their new butcher shop in Flinders Street. I have a love of cooking and won several prizes over the years for various breads & cakes.

I always loved dancing and met Norman, who became my husband, at a local Townsville dance. Norm was a plumber and after we wed, he started his own plumbing business. Several years later, Norm wanted a change and decided to learn about fibreglass boat building, so we moved to Mackay for several months, but my husband developed a skin condition from the fibreglass and he had to give that away. We returned to Townsville and restarted the plumbing business, after about 13 years, we bought a tract of land on Woodstock Road with Spring Creek running through it and a beautiful waterfall at the back of the property on Mt. Elliott, we developed the area into picnic and camping area, and called it Pangola

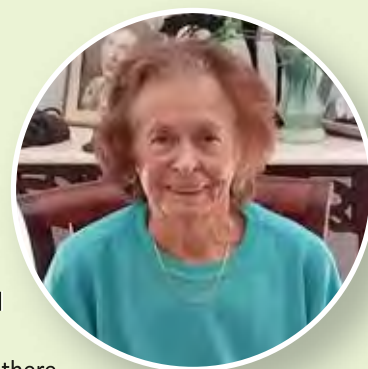

Park. After about 13 years we sold the business and retired, but stayed living there another 13 years.

Unfortunately, my husband became ill and passed away, and I sold the property and bought a house in Annandale (Townsville) where I still live today. Believe it or not, the Kingsun family still keep in touch and are very dear to me, even after all these years.

I still love dancing and try to go to a local dance group as often as I can, it makes you feel so young, and helps keep me fit.

I hope you enjoyed my story and look forward to seeing all my TransitCare friends at the next outing.

Lorraine.
